Wants You to Cleanout
Your Closet For a Great
Cause!

Face it, we all have extra things around the house that we just aren't going to use again. Old cell phones, laptops, musical instruments and much more are just taking up lots of space in our closets and garages. In fact, the average American home has over \$2200 of unused items just collecting dust.

Wouldn't it be great if there was an *easy* way to clear out that clutter and help a great cause at the same time? Now there is!

Take your unused items to ezbay stores. We will create a professional listing on eBay and sell your item for top dollar. We will then send the proceeds from the sale to your organization and send you a tax deductible receipt for your donation. It's that simple.

Items should have an estimated value of at least \$25 and meet eBay's listing requirements. Not sure what your item is worth? Stop by our store today for a *free* evaluation.
